2. Quality and methodology information

This data is management information provided to the Welsh Government by the NHS Wales Shared Services Partnership (NWSSP). NWSSP procures and distributes PPE for the health and social care sectors in Wales on behalf of the Welsh Government. We are publishing this to provide a weekly summary of PPE items issued while it remains relevant to the response to the coronavirus (COVID-19) pandemic. This data has not undergone the same level of quality assurance as official statistics and the data may be subject to future revisions.

Data includes stock issued from NWSSP only and does not include any stock procured directly by the NHS or local authorities. The data will include PPE procured directly by NWSSP as well as PPE distributed to NWSSP by the UK Government. It reflects a snapshot at a point in time of a dynamic position.

This release reports on PPE items issued since 9 March 2020 as this represents the point at which the current reporting arrangements were established.

Data included in this release is correct at 8pm on 21 June 2020.

National Statistics status

These statistics are not National Statistics. However, as far as has been practicable, they have been collected and validated in accordance with the pillars and principles within the [Code of Practice for Statistics](#). We continue to develop the data collection and quality assurance process to improve the data.

These statistics have been produced quickly in response to developing world events.

Well-being of Future Generations Act

The Well-being of Future Generations Act 2015 is about improving the social, economic, environmental and cultural wellbeing of Wales. The Act puts in place seven wellbeing goals for Wales. These are for a more equal, prosperous,

resilient, healthier and globally responsible Wales, with cohesive communities and a vibrant culture and thriving Welsh language. Under section (10)(1) of the Act, the Welsh Ministers must (a) publish indicators ('national indicators') that must be applied for the purpose of measuring progress towards the achievement of the wellbeing goals, and (b) lay a copy of the national indicators before the National Assembly. The 46 national indicators were laid in March 2016.

Information on the indicators, along with narratives for each of the well-being goals and associated technical information is available in the [Well-being of Wales report](#).

Further information on the [Well-being of Future Generations \(Wales\) Act 2015](#).

The statistics included in this release could also provide supporting narrative to the national indicators and be used by public services boards in relation to their local well-being assessments and local wellbeing plans.

Next update

This is currently a weekly statistical release. It will be published at 9:30am every Thursday. We will review the frequency in line with changing user need.

The next release will be on Thursday 2 July.

We want your feedback

We welcome any feedback on any aspect of these statistics which can be provided by email to kas.covid19@gov.wales.
