Email to 13.04.2015

Dear Mr

With reference to the Glastir Woodland Management grant I am forwarding the EPS application to the Species Protection Team who will assess the application for the EPS licence. This is required before you can carry out operations in your woodlands.

Would you please sign and date Section 13 of the application form and forward this form to:

Species Protection Team, Natural Resources Wales, Maes y Ffynnon, Penrhosgarnedd, Bangor LL57 2DW.

You do not need to send all the other documents. They are for your information only. Just send the NRW Application Form, together with the following reference addendum:-

FAO the Species Protection/Licensing Team:-

Please add this signed form to the

CRN A0001032 EPS Licence Application

which has been prepared and forwarded to you by the Welsh Government as part of a Glastir Woodland Management EPS application.

Regards

.....
