Hi

I have tried to fill out a MyIT roaming service request as suggests however none of the below people (including the Cab Sec) appear in my list of approved requestees. Is there any way around this? Also I need the Cab Sec's SIM number and network provider are you able to provide?

the MyIT form also requires me to attach budget holder and ICT Approval. Are you able to provide this or let me know who I need to request this from?

I need to complete the request by Friday to meet the deadline.

Thanks

Hi and Security Unit colleagues,

The Cabinet Secretary for Education is due to visit Vietnam flying out from London Heathrow to Ho Chi Minh on Saturday 25th November and returning to London Heathrow from Hanoi to on Friday 1st December. The below colleagues will be travelling with the Cabinet Secretary. They will change flights in Dubai en-route and during their visit they will take an internal fight from Ho Chi Minh to Hanoi on Tuesday 28th November.

They wish to take the following devices with them:

Cabinet Secretary – ipad

(SPS) – phone -

(Specialist Policy Adviser)– phone -

(Director, Education directorate) – phone -

Grateful if you can authorise their devices for this visit ? Also graetful if you can confirm whether I need to complete a service request to enable international roaming (they have all been on previous overseas visits with their devices so I am not sure if this is required)?

Thanks
