That's a good point, I'm not sure how that works exactly – KW is definitely not going. Our view is that means none of the rest of us will be going either as we were there as officials to support the Cab Sec as head of the mission (I'm assuming that people from unis etc will still go but with a reduced programme)

Have we had confirmation that It's definitely off now?

Yes, International Relations will do what's necessary once we let them know.

Thanks
