8 February 2018

Dear ,

### **Request for Information – ATISN 11926**

Thank you for your latest request which I received on 12 January. You asked:

What funds have been provided by or on behalf of the Welsh Government for transport infrastructure related to the Enterprise Zone specifically "A496 access improvements" planned by Gwynedd Council.

Our response to your earlier request (Ref ATISN 11838) provided information on the Welsh Government investment for on site infrastructure at Llanbedr Airfield only. We apologise for this misunderstanding. The information you requested relating to transport infrastructure for the Enterprise Zone is provided below.

To date, £773k has been allocated to support preparatory work aligned to the Llanbedr access scheme via Welsh Government Local Transport Funding. This funding has been provided to support the scheme's development, including options analysis (WelTAG) and detailed design and submission to the Snowdonia National Park Planning Authority. Whilst the scheme has been developed to enhance and simplify site access at Llanbedr Airfield, it also has the potential to deliver wider benefits by improving connectivity in the area.

If you are dissatisfied with the Welsh Government's handling of your request, you can ask for an internal review within 40 working days of the date of this response. Requests for an internal review should be addressed to the Welsh Government's Freedom of Information Officer at:

Information Rights Unit, Welsh Government, Cathays Park, Cardiff, CF10 3NQ
