Absolutely fine

Thanks. Any objections if I slightly tweak the last line? I know why we’ve said it but sounds a bit less defensive.

Thanks for the offer of the tech briefing. I’ll ask if he would be interested in a phonecall.

The Regulations which specify Welsh Language Standards for local health boards, National Health Service Trusts in Wales. Community Health Councils and the Board of Community Health Councils in Wales will be laid before the National Assembly for Wales on 27th February. We will comment further on the Regulations once they are laid.

Following our telephone conversation this is the suggested line which needs clearance from Private Office/Minister as it specifies the date – this is the first time we have gone public on the actual laying date.

was going to offer the press a technical briefing under embargo before the Regulations are laid and we are happy to do this on Monday.

It is inappropriate for Welsh Government to make any comment on the Regulations before they are laid.
Hi all,

BBC are going to be doing a piece before next Tuesday on the standards and have asked for a comment on why they don't include GPs. Apparently the Welsh Language Commissioner has gone on record before saying they should be included.

Grateful for a steer on a response by 2pm.

Thanks
