Subject: Concern raised with CSSIW - OFFICIAL SENSITIVE

Dear Jen

We have taken two calls from an individual who is concerned about the well being of **REDACTED s40(2)**. We understand that he has made a complaint but remains unhappy with this.

REDACTED s40(2)

I do not wish to put identifying details in this e mail due to security, but you may be aware of this matter as a complaint was raised.

I am hoping that we could discuss. Could you possibly let me know a few times next week that would be convenient for me to give you a ring?

If you require the name etc prior to us speaking, can you let me know of a secure address to send this to.

Thanks,
Denise

Denise Moultrie
