REDACTED s40(2) - but I have also had further contact from **REDACTED s40(2)**, who are concerned about **REDACTED s40(2)**. We discussed this some time ago and I know that there were issues about **REDACTED s40(2)** acceptance that **REDACTED s40(2)**. I believe they are now in the complaints process and had a meeting about this, this week. I have explained to them that we cannot investigate their concerns – but it would be helpful if you could confirm how they are being dealt with, due to their continued correspondence.. Thanks.
