**Subject:** RE: Twll Du bat survey

Hi Amelia,

I have now had time to consider what will be involved with carrying out an appropriate bat survey of passages within the Twll Du entrance to Ogof Draenen. There is actually quite a lot of passage within a relatively short distance of the Twll Du entrance that we will need to include in the survey.

I will be accompanied by John Stevens. We are both experienced cavers and we are both licenced to carry out bat surveys underground.

We will carry out the survey in one day of caving during February and will also take photos just inside the entrance.

The report will include interpretation of findings and plans of the cave passage to show where we have surveyed and the location of any findings so that the outcome can be properly understood by NRW.

The cost to carry out this survey, including preparation and reporting is £ 2,250 + VAT.

Best regards,

Peter
