Your decision to overturn the Inspectors' carefully argued decision in relation to the Hendy Wind Farm appeal is, in my opinion, appalling. By ignoring the decision of the local planning authority, formed in consideration of the majority view of local councils, ergo residents, you appear to totally disregard democracy. The entire planning process appears to be an absolute waste of time and public money. How can you justify such arrogance?

I implore you to carefully reconsider and reverse your decision.

I look forward to your response.
