Subject: Henry Wind Farm

Dear Lesley

I would like to express my outrage that you have seen fit to go against the wishes of local people , conservation bodies , Powys County Council and the Planning Inspectorate by allowing the Hendy Wind Farm to go ahead.

Shame on you for allowing this monstrous blot on the landscape in terms of the wind turbines and pylons. Do you have no regard for protecting our beautiful countryside for future generations?

Wind turbines should be situated out at sea not in our beautiful Welsh countryside

Yours sincerely
