December 2018

Dear [Redacted]

Thank you for your e-mail of 22 November, regarding the presence of heavy vehicles at and around the Hendy wind farm.

Following your information, I understand Development Management Officers at Powys Local Planning Authority have met with the developer, who confirmed the construction compound currently being provided on site is being implemented in accordance with Part 4, Class A of the Town and Country Planning (General Permitted Development) Order 1995 and does not require planning permission.

Officers have informed my officials they currently consider no breach of planning control has occurred. However, this is based on information to date.

The investigation will however remain open to ensure that the site is appropriately monitored. Officers will therefore visit the site periodically until satisfied no further monitoring is required.

I hope this addresses your concerns regarding the activity. I'm very grateful to you for bringing this matter to my attention. Should you have any further concerns in relation to similar activities on the site, I suggest you contact Powys as Local Planning Authority responsible for enforcement in the first instance.

Yours sincerely
Lesley Griffiths
