Detailed requirements to be determined in accordance with source legislation or policy

**Note:** Applicants are able to use the standard application form, but this is not mandatory.

**Information Required for Valid Application:**

**1. Application must be submitted in writing**

- The application must be accompanied by a written description of the proposed development.

**2. Relevant information**

- A statement that the applicant has displayed a site notice in accordance with A.2(b)(iii) of Part 31 of Schedule 2 to the Town and Country Planning (General Permitted Development) Order 1995 (as amended).

**3. Fee**

**3.0 Form and content of plans**

Although the following specific details are not all required for an application to be registered as valid, they will assist a local planning authority to understand the application.

**Location plan**

- Scale 1:1250 or 1:2500.
- North point, date and drawing number.
- Outline the application property/site with a red line.
- Draw a blue line around any other land owned by the applicant, close to or adjoining the application site.
- Show the application property/site in relation to at least two named roads and surrounding buildings where possible.
Details of existing site layout
- Scale, typically 1:200 or appropriate scale to ascertain required level of detail.
- North point, date and number on plans.
- Show the whole property/site, including all buildings, gardens, open spaces and car parking.
- Any relevant assessments carried out.

Details of proposed site layout
- Scale, typically 1:200.
- North point, date and number on plans.
- Show the siting of any new building or extension, vehicular/pedestrian access, changes in levels, landscape proposals, including trees to be removed, new planting, new or altered boundary walls and fences, and new hard-surfaced open spaces.
- Show proposals in the context of adjacent buildings/environment.
- Illustrate elevation and cross sections of the steepest elevation.

Floor plans
- Scale 1:50 or 1:100.
- In the case of an extension, show the floor layout of the existing building to indicate the relationship between the two, clearly indicating new work.
- Show floor plans in the context of adjacent buildings, where appropriate.
- In the case of minor applications it may be appropriate to combine the layout and floor plan (unless any demolition is involved).
- Include a roof plan where necessary to show a complex roof or alteration to one.

Elevations
- Scale 1:50 or 1:100 (consistent with floor plans) which include figured dimensions.
- Show every elevation of a new building or extension.
- For an extension or alteration, clearly distinguish existing and proposed elevations.
- Include details of material and external appearance.
- Show elevations in the context of adjacent buildings, where appropriate.

Cross Sections
- Scale 1:50/1:100 (consistent with floor plans), where appropriate.

In the case of large scale or complex development proposals, models, computer-based representations, three dimensional drawings and perspectives may also be particularly useful.
