Introduction

1. This circular relates to revised tables of factors for calculating service credits in respect of incoming non-Club transfers into the 2007 scheme.
2. The revised factors are set out in the attached **Annex**. These are required under the following rules of the 2007 scheme:

Rule 10 and 11 of Part 12 of Schedule 1 of the 2007 scheme (SI 2007 No 1072)

3. The revised factors replace those in the GAD guidance "Service Credits for non-club Incoming Transfers" dated 12 December 2012, also attached. They are in the same format as those in the guidance note, and should be used in the same way as set out in that guidance, except that there are now 2 additional tables of factors as follows:

Table C3: Statutory CETV incoming transfer service credit factors (male Special members)

Table C4: Statutory CETV incoming transfer service credit factors (female Special members)

In this respect, where the GAD guidance requires a factor from either Table C1 or C2 to be selected, the required factor should now be selected from one of Tables C1, C2, C3 or C4 in the attached Annex as appropriate. This note does not replace the 2012 Guidance, only the factors contained therein.

Action

4. Fire and Rescue Authorities are asked to apply the attached in administering the scheme.
