Dear Mr Wallis

Thank you for your previous correspondence in respect of our consideration of the need for environmental impact assessment in relation to planning application 2017/0180/FUL to vary a condition attached to planning permission 2015/00031/OUT enabling the addition of a fire water tank and relocation of parking.

I issued a cabinet written statement on 15 May which sets out our current actions in this case. The statement can be found on the Welsh Government website at: <https://gov.wales/written-statement-wood-fired-energy-plant-david-davies-road-barry-need-environmental-impact>

I understand you will be meeting my officials to discuss the statement in the near future.

Yours sincerely
