Subject: OAQ Actions

Hi Jon

Following on from this morning's OAQ pre meeting, can we please have updated lines on the Barry Biomass and not the usual ones please.

The Minister also asked for the same line that the FM used when responding to Neil McEvoy AM at a recent FMQ, if you don't have the line to hand please can you go through the transcript.

And finally, as the Minister mentioned the Written Statement she has previously discussed with Neil, can you update us on the current position of this please.

Grateful for the lines by COP today if possible.

Many thanks,
Paige
