Vicky

Thank you for your email. I apologise for not keeping you updated on the progress in this case. While we were working towards a decision before Christmas, further legal clarification on aspects of the case has been necessary. A decision will be issued as soon as possible.

Many thanks

Hywel

Subject: Barry Port Biomass- EIA correspondence

Dear Hywel and Neil,

You will be aware that we have still not received a response or decision from you on this almost a year since you initially wrote indicating that the Welsh Government were minded to direct that the proposal development is a Schedule 1 EIA Development. Our recent correspondence (attached) has not received any response or acknowledgement. I also attach the last correspondence received from the Minister in response to my Leader's letter.

There is a high level of public interest in this matter and we have outstanding enforcement cases and planning applications to resolve, all awaiting your decision on this. If you are not able to provide your decision, can we at least receive an acknowledgement of this correspondence and an indication of your expected timeframe for making a decision?

Many thanks,

Victoria Robinson
