Hi [REDACTED],

[REDACTED]
[REDACTED].
I just wanted to assure you that [REDACTED] and I have been discussing with [REDACTED] at various points over the Summer. [REDACTED]

With regard to your second question, we are in agreement that there is also no issue with you going ahead to develop your proposal re: Llandaff fields. For clarification, is it the bowling club at Llandaff that is under consideration? I can't remember exactly. If it is, there is already a CM based there (which isn't a problem), but It may be worth flagging it up with Mudiad Meithrin once you are further ahead with the proposal about how the plans for the site may affect them.
