Dear Ministers

Thank you for the update in your letter dated 10<sup>th</sup> September 2020, of which we have noted the contents.

Please be advised that we will be refunding any parking or executive lounge bookings made directly on the Cardiff Airport website for passengers living in Caerphilly County Borough who are not able to travel due to the localised lockdown.

Thank you for the efforts to-date on considering testing at the airport and please be advised that we are in close dialogue with your testing team officials on how this can be expedited at the airport.

And on another note, following actions taken on separating Greek Islands out, we have asked senior officials over a week ago to see if you will now reconsider opening the Canary and Balearic Islands again, but we have not received any feedback to-date.

I would be grateful if you could provide us with an update on how this is progressing.

We look forward to hearing from you at your earliest convenience.

Yours sincerely

Spencer Birns  
Interim Chief Executive Officer
