**CORONAVIRUS ACT 2020**

**Modification of School  
Organisation Code (Wales) Notice  
2021**

1) 2020 c. 7.  
2) Statutory Code Document Number 011/18.

### **Reasons for issuing the notice**

3.— The Welsh Ministers consider that the issuing of this notice is an appropriate and proportionate action in all the circumstances relating to the incidence or transmission of coronavirus for the following reasons.

(1) Since 5 January 2021 school premises have remained open only for vulnerable children and children of critical workers in order to reduce the spread of coronavirus.

(2) The number of learners in schools will be limited and it is possible that in some schools there will not be sessions for any pupils on some days.

(3) The Code imposes a requirement on persons making organisation proposals for maintained schools to publish consultation documents on a school day and requirements as to the length of consultation periods by reference to school days. A school day is defined in section 579 of the Education Act 1996 as any day on which at that school there is a school session. A school session can be a morning session or an afternoon session, so a school day is any day when the school meets for all or part of the day.

(4) Unless the definition of “school day” in the relevant provisions of the Code is modified, the current arrangements for the operation of schools may have the effect of disrupting the progress of some school organisation proposals.

(5) The Code also imposes requirements about consultation with children and young people, including a minimum requirement of consultation with school councils. It may be difficult to convene school councils so the duties in respect of consultation with children and young people should be treated as discharged if reasonable endeavours are made to discharge the duties.

(6) Local authorities and other proposers will still be required to notify statutory consultees including local authorities, schools and parents of the commencement of consultation, objection periods and other relevant matters and to make arrangements to consult with children and young people as best they can.
