Enterprises active in the following sectors will be excluded from support:

- **Fisheries and aquaculture**
- **Primary agricultural production**
- **The processing and marketing of agricultural products** where (1) the amount of aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the enterprise concerned or (2) where the aid is conditional on being partly or entirely passed on to primary producers.

Where an undertaking is active in both an excluded sector and a non-excluded sector, aid may be given to fund non-excluded activities with the condition that activities in the excluded sector do not benefit from aid granted under this scheme.

In addition, aid will not be allowed in the following circumstances:

- Aid to export related activities towards third countries or Member States, namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network or to other current costs linked to the export activity;

- Where the aid measure restricts the possibility for the beneficiaries to exploit the research, development and innovation results in other Member States.

Aid may not be given where the proposed recipient is:

10. Duration of the Scheme

Aid under this Scheme may be granted until 31 December 2023.

15. Cumulation

In determining whether the individual notification thresholds and the maximum aid intensities are respected, the total amount of public support for the activity or project shall be taken into account, regardless of whether that support is financed from local, regional, national or Community sources.

Aid provided under this Scheme will not be cumulated with other forms of aid nor with aid classed as de minimis aid in regard to the same eligible costs if the result would breach the applicable aid intensities.

A mechanism is in place as part of the application process to ensure that cumulation of aid does not exceed the maximum allowable aid intensities of the Scheme. Due diligence checks will be carried out during the awarding process.

16. Monitoring and Reporting requirements

All recipients of aid under the Scheme will be informed that aid has been provided under the Scheme, registered under **SA.60352** pursuant to Article 22 of Commission Regulation (EU) No 651/2014 of 17 June 2014 declaring certain categories of aid compatible with the internal market in application of Articles 107 and 108 of the Treaty (General Block Exemption Regulation) and its amending Regulation Commission Regulation (EU) No 2017/1084.
