Important Information

- Expressions of Interest (EoI) and claims for the Farm Business Grant (FBG) must be submitted through RPW Online.

- You are able to submit EoIs in multiple windows with a minimum £3,000 threshold per application. The maximum overall grant threshold is £12,000.

- Contracts will be offered to customers who are selected for the FBG and will have to be accepted within 30 days of the contract offer date.

  To accept or decline the FBG contract offer, you must click the ‘blue button’ on the RPW Online homepage.

- Items cannot be purchased until the contract is accepted. The 120 day timescale for purchasing the items and submitting a claim starts from the date the contract is offered.

- To claim the FBG payment, you must submit:
  
  - a FBG claim through RPW online, using the Capital Works Claim page
  - invoices for all claimed items
  - an accountant’s letter confirming business turnover of £1m or less
  - Evidence that the purchased items meet the grant specification and are delivered to the holding

This was a common problem in previous windows with incomplete claims being submitted. It is your responsibility to ensure all this information is submitted by the claim deadline.

It is no longer a requirement for you to:

- Attend a ‘Farming for the Future’ event as part of the application process for FBG window 9.
Key Messages

• The EoI has been developed digitally and is available through the RPW Online service. Expression of Interests must be submitted through RPW Online by the publicised deadlines.

• If you are not yet registered with RPW Online, please refer to the Welsh Government website for the how to register guidance or call the Customer Contact Centre on 0300 062 5004.

• Guidance on completing the online EoI is available on the Welsh Government website.

• **There is no requirement to attend a ‘Farming for the Future’ event as part of the application process for FBG window 9.** We will check if you have an eligible Basic Payment Scheme or Glastir Organic claim to verify if you are a primary producer of agricultural products and you have 3ha of eligible agricultural land in Wales.

• The maximum grant award is £12,000

  The minimum grant award is £3,000

  The grant provides a maximum 40% contribution towards capital investments in equipment and machinery, which have been pre-identified as offering clear and quantifiable benefits to farm enterprises.

  Annex A provides a list of eligible capital items and is available to view on the Welsh Government website.

• An EoI may exceed the maximum grant by adding a single item. If selected, the related claim will be capped to the maximum £12,000 grant, where this is still available, if you have previously successfully applied.

• If you have applied for the FBG in any previous application windows and your EoI has been selected, but did not reach the £12,000 maximum grant, you can apply in this or a future window. The minimum grant value of your EoI must be £3,000 or more. Where
you have previously successfully applied, the grant contribution will be capped to any amount available to you which is below the £3,000 minimum grant threshold.

- This is a separate scheme to the Farm Business Grant - Yard Coverings scheme, therefore, any payment you receive for the Farm Business Grant - Yard Coverings scheme will not count towards the £12,000 maximum grant value for the FBG. Similarly, the payment value received for FBG will not count towards any future windows of the Farm Business Grant – Yard Coverings scheme.

- If your EoI is selected, all items applied for must be purchased.

- Your claim will be rejected and any grant paid will be recovered if any of the following are found:
  - You have bought items before the FBG contract is accepted;
  - You have not bought all of the items listed in the contract,
  - Not all of the items claimed are present on your holding during an inspection.

- To evidence the item supplied is of the correct specification and it has been delivered to your holding, at claim stage you will be required to provide the following information, where applicable:
  - Name of the manufacturer, model number, serial number, etc. if not included on invoice
  - Detailed specification list, if not included on invoice
  - Description of item purchased and how it meets the specification if not included on invoice

  You may also submit photographs with a date and time stamp of the item in situ or in use as evidence.

Your claim will be rejected or you will incur penalties and any grant paid will be recovered if any of the items are of the wrong kind or do not meet the specification.

- FBG forms part of the Welsh Government Rural Communities - Rural Development Programme for Wales 2014-2020.
Section A - Introduction

The Farm Business Grant is a Capital grant scheme available to farmers across Wales.

These Guidance Notes explain the Farm Business Grant (FBG) and the application process. Please read them carefully. If you then consider your investment plans may qualify for grant and you want to apply for support under this scheme, please see Section C and refer to the How to Complete booklet.

The FBG is an important element of the Welsh Government Rural Communities - Rural Development Programme 2014-2020. It is designed to help farmers in Wales to improve the economic and environmental performance of their agricultural holdings.

Scheme objectives:

- increase on-farm investment;
- increase technical performance;
- increase on-farm production efficiencies; and
- increase on-farm resource efficiencies.

The FBG provides for capital investments in equipment and machinery that have been pre-identified as offering clear and quantifiable benefits to your farm enterprise. The capital items have been specified along with a standardised cost.

Applications for the FBG will address the strategic and thematic objectives of the Welsh Government.

Activities under the FBG will address at least one of the following Welsh Government Rural Communities - Rural Development Programme 2014-2020 Focus Areas:

Focus Area 2. Enhancing competitiveness of all types of agriculture and enhancing farm viability:

2a) facilitating restructuring of farms facing major structural problems, notably farms with a low degree of market participation, market-oriented farms in a particular sector and farms in need of agricultural diversification.

Focus Area 5. Promoting resource efficiency and supporting the shift towards a low carbon and climate resilient economy in agriculture, food and forestry sectors;

5b) increasing efficiency in energy use in agriculture and food processing

5d) reducing nitrous oxide and methane emissions from agriculture.
The scheme is discretionary. The amount of grant offered would relate to individual circumstances and would always be the **minimum amount necessary** to allow the investments to go ahead.

The items available through the scheme cover the following five themes:

- Crop Management.
- Resource Efficiency.
- Energy Efficiency.
- ICT.

The Farm Business Grant has been approved by the European Commission. Any further changes will be publicised via the [Welsh Government website](http://www.gov.wales), GWLAD online and, where necessary, we will also contact you directly.

Farm Business Grant is funded through the Welsh Government and the European Commission to form part of the Welsh Government Rural Communities - Rural Development Programme for Wales for 2014 to 2020.

Farm Business Grant is governed by The Rural Development Programmes (Wales) Regulations 2014 No. 3222(W327); Council Regulations (EU) No. 1305/2013, 1303/2013 and (EU) No. 1306/2013, Commission Implementing Regulation (EU) No. 808/2014 and (EU) No. 809/2014 and Commission Delegated Regulation (EU) 640/2014 and 807/2014 (all as amended from time to time). Copies of these regulations can be found at EUR-Lex web site ([eur-lex.europa.eu](http://eur-lex.europa.eu)) or copies can be requested from the Rural Payments Wales Customer Contact Centre.

- Have a business turnover of £1m or less (in order to receive the FBG payment you must submit a letter from your accountant confirming your business turnover for the most recent financial year that accounts are available when you submit your claim).

- The scheme is open to EoIs from a wide range of businesses involved in the primary production of agricultural products, such as:
  - sole traders
  - voluntary sector organisations
  - private and public limited companies (SME and Large Enterprises)

- a group of farmers (including Producer Organisations)
  - but, if two or more agricultural holdings are managed as a single unit, or in a single ownership, or to which to some extent have common management, common financial accounts, common livestock, machinery and/or feeding stores that will be classed as a single business.

Activities

Eligible activities
Support under FBG covers tangible investments in the primary production of agricultural products covered by Annex 1 of the Treaty on the Functioning of the European Union (TFEU), or cotton, but excluding fisheries products.

Ineligible activities
You must not use items purchased through FBG for agricultural contracting activities.

Costs

Eligible Costs
Only items included in the List of Eligible Capital Items set out in Annex A will attract funding under FBG.
These items must meet or exceed the **minimum** specification described.

**Ineligible Costs**

- Second hand equipment
- Consumables (items which are likely to be used up or depleted, e.g. Medication to be used in the Auto ID Drench Gun item would not be eligible.

**Maximum Grant Rate and Maximum Grant Threshold**

The grant amount is made up from the total public sector contribution to the investment project, which includes: monies from the EU; co-finance to the EU funds from Welsh Government; monies from other government departments and agencies, non-departmental public bodies and local authorities; monies from governmental controlled bodies such as the Small Business Service and the National Lottery; and monies from parafiscal taxes (levies).

If other EU or UK public funds are obtained to support the costs of a project, they will be discounted against the Farm Business Grant.

The maximum grant award is **£12,000**, where this is still available to you.

The minimum grant award is **£3,000**, where this is still available to you.

The grant provides a maximum 40% contribution towards capital investments in equipment and machinery, which have been pre-identified as offering clear and quantifiable benefits to farm enterprises.

Your EoI may exceed the maximum grant by adding a single additional item. If your EoI is selected, the related claim is capped to the maximum £12,000.

If you have applied for the FBG in any previous window and your EoI has been selected, but did not reach the £12,000 maximum, you can apply in this or a future window. The grant value of your EoI must be £3,000 or more.

If you have applied for FBG in previous windows and your EoI has been selected and total £9000 or more but did not reach the £12,000 maximum, you must select an item with a minimum grant value of £3000 or more and this item will be part funded.

This is a separate scheme to the Farm Business Grant Yard - Coverings scheme, therefore, any payment you receive for the Farm Business Grant - Yard Coverings scheme will not count towards the £12,000 maximum grant value for the FBG. Similarly, the payment value received for FBG will not count towards any future windows of Farm Business Grant – Yard Coverings scheme.
If you accept a FBG contract in this or any previous windows, but do not submit a valid claim, the value of the accepted contract will be deducted from the £12,000 maximum.

E.g. EoI submitted for Window 5 and contract offered. Total value of contract is £8,000. Contract is accepted, a valid claim is not submitted, the total amount available for Window 9 or any subsequent windows is £4,000.

Scoring of the EoI

Each capital item has been scored by independent assessors against four criteria of:

a. Animal Health & Welfare
b. Health & Safety
c. Technical Efficiency, and;
d. Resource Efficiency

The resultant score is given in Annex A – List of Eligible Capital Items against each individual item available on the Welsh Government website.

Applicants are required to select capital items up to the maximum grant award of £12,000, or one additional item which exceeds this. The system will automatically calculate the applicant’s score by totalling the number of points against each individual item and averaging against the total number of individual items requested. This averaged score is divided by the total grant requested. The highest scoring projects which exceed a threshold score and rank within the budget will be offered contracts.

The purpose of this scoring is to allow Welsh Government to rank the EoIs against the funding available in each call.

Once the EoI is submitted you cannot amend the items you have selected to purchase. If, having submitted your EoI, you need to change any of the items, provided the EoI window has not closed, you may withdraw your original EoI and resubmit a new one with the correct items selected.

The Selection Process

It is a European Commission requirement that projects in the Welsh Government Rural Communities - Rural Development Programme 2014-2020 are not selected on a first past the post system. To meet this requirement, it is intended that the Welsh Government Rural Communities - Rural Development Programme 2014-2020 schemes will open and close for applications periodically through the life of the programme, dependent upon available programme financial allocations.

The Farm Business Grant selection process assesses each Capital Works Project submitted by farming businesses through the EoI. A score will be assigned to each EoI based on its ability to deliver an outcome towards the FBG objectives.

The EoIs will be scored and ranked in order according to the scoring criteria

The EoIs for a grant award will be selected in ranked order until the funds available in that round have been allocated.

The budget available for Window 9 of the FBG is £2.0m.
You will be notified whether or not your EoI has been selected through your RPW online account.

**Selecting Successful EOIs**

C. No - once the business has been selected and been offered a contract

Section D – Payments

Claims

Farm Business Grant is only available to claim using the Capital Works Claim page on your RPW Online account; payments will be made following the successful validation of your claim.

In order to receive Farm Business Grant payments you must:

- Have accepted a Farm Business Grant contract within 30 calendar days of the offer date and adhere to all the requirements.
- Ensure that you have only purchased items listed in your contract after you have accepted the contract offer.
- Ensure that you have purchased all of the items listed in your contract.
- Ensure all items purchased are on your holding at the time you submit your claim.
- Submit the claim using the Capital Works Claim page on your RPW Online account within the 120 day deadline.
- Submit invoices for all claimed items
- Submit an accountant’s letter confirming business turnover of £1m or less

A claim is not considered valid unless it has been submitted via the Capital Works Claim page and until invoices for all items being claimed and an accountant’s letter are submitted.

Supporting Documentation

Important note: You must submit an invoice for each item of equipment in your contract.

You must also submit an accountant’s letter confirming business turnover is £1m or less.

You can submit the invoices by scanning them and sending them via “My Messages” in your RPW Online account or by submitting the original invoices by visiting your Divisional Office.
• To evidence the item supplied is of the correct specification and it has been delivered to your holding, at claim stage you will be required to provide the following information, where applicable:
  
  • Name of the manufacturer, model number, serial number, etc. if not included on invoice
  
  • Detailed specification list, if not included on invoice
  
  • Description of item purchased and how it meets the specification if not included on invoice
  
  You may also submit photographs with a date and time stamp of the item in situ or in use as evidence.
  
  Your claim will be rejected or you will incur penalties and any grant paid will be recovered if any of the items are of the wrong kind or do not meet the specification.
  
  You can also supply photographs with a time and date stamp of the item in situ or in use as evidence
  
  Items not delivered
  
  If you have been advised by the supplier/manufacturer that they cannot deliver the items before the claim date, you will need to contact us via “My Messages” in your RPW Online account notifying us of the issue.
  
  You will need to request an extension to the 120-day deadline to claim and provide proof of ordering the item and documentary evidence from the supplier to confirm that they cannot supply the item.
  
  This information must be submitted before the original 120-day claim deadline and demonstrate that you have attempted to have the item supplied in time for the original deadline.
Incorrect claims and penalties

You have a responsibility to make sure that the claim submitted is only for eligible equipment from the approved list.

All of the items of equipment that were approved must have been bought after the contract has been accepted.

Your claim is invalid or will incur penalties if:

- You have bought items before the FBG contract is accepted;
- You have not bought all of the items listed in the contract,
- Not all of the items claimed are present on your holding during an inspection.
- Any of the items are of the wrong kind or do not meet the specification;

If all of the items in your contract do not meet the specification, your whole claim will be rejected and if any grant has been paid it will be recovered.

Where we find that items purchased do not meet the specification, payments will be reduced to the amount of items purchased to the required specification.

If the amount of ineligible items is determined to be more than 10% of the eligible costs, an amount equivalent to the value of ineligible items will be deducted from your payment.

For example

A customer claims the following FBG items worth a total grant value of £6,118

<table>
<thead>
<tr>
<th>FBG Item</th>
<th>Quantity</th>
<th>Grant value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hydraulically operated squeeze Cattle crush.</td>
<td>1</td>
<td>£3,020</td>
</tr>
<tr>
<td>Automated footbaths</td>
<td>1</td>
<td>£2,032</td>
</tr>
<tr>
<td>Calving Gate</td>
<td>1</td>
<td>£184</td>
</tr>
<tr>
<td>Sheep Handler</td>
<td>1</td>
<td>£882</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td><strong>£6,118</strong></td>
</tr>
</tbody>
</table>
In this example, the calving gate worth £184 does not meet the specification. The total amount claimed is £6,118 and the value of the item not determined is £184. As the amount of the ineligible item is less than 10%, the total payment due is £5,934.

However, if the Sheep Handler, worth £882 does not meet the specification. The total amount claimed is £6118 and the value of the item not determined is £882. The amount of £882 is deducted from the original claim of £6118, leaving a remaining amount of £5236. As the amount of the ineligible item is more than 10%, an amount equivalent to the value of ineligible item, £882, is deducted from the remaining amount and the total payment due is £4,354.

Offences

Regulation 13 of the Rural Development Programmes (Wales) Regulations 2014 (No. 3222 (W.327)) establishes criminal offences and penalties in relation to certain aspects of rural development funding. That Regulation and those offences are applicable to the Farm Business Grant Scheme. Examples of offences include knowingly or recklessly providing false or misleading information in relation to rural development funding, obstructing an inspector or official, and refusing to provide information when requested to do so.

Monitoring Of Projects

It is a European Commission requirement that all grant awards are monitored and the effect of the grant on the business is evaluated.

It is a requirement that equipment purchased with the aid of a Farm Business Grant, must be kept on the holding, operational and in good repair, and used for the same purpose as set out in the original application for five years from the decision date.

You must allow officials from Welsh Government and the European Commission, or their representatives, to inspect the equipment at any reasonable time within this five year period.
Section E – Changes to Scheme Rules

Legislation Changes (Including Changes in Interpretation)

European regulations may change from time to time and you will be required to abide by any changes imposed following notification from the Welsh Government.

Changes to Scheme Rules

We may need to make changes to your contract for a number of reasons. For example, we may need to update the management conditions to take account of the latest scientific advice, amend scheme rules to take account of any changes within the Welsh Government Rural Communities - Rural Development Programme for Wales 2014-2020 or revise payment rates. We will publicise changes on the Welsh Government website and where necessary contact you directly.
Section F – Inspections and Record Keeping

The Welsh Government must enforce the Farm Business Grant rules. Inspections will include on farm inspections.

Your claim may be selected for inspection before the payment is made to you or it may be inspected after the payment has been made.

All the details in your EoI, the details in your claim and the declarations that you made in submitting the EoI and claim will be checked at inspection. This will include a check on the business turnover figure, that all items are on the holding at the time of the inspection, the dates on which the equipment was bought, who the invoice or invoices were made out to and the specification of the equipment.

On Farm Inspections

The Welsh Government and the specialist control bodies will try to ensure that visits cause you the minimum of disruption but some checks require inspections to be unannounced, which means it may not be possible to give you notice of a visit. Inspections may occur more than once during a calendar year.

If you refuse to allow an inspection, or obstruct an inspector or fail to give reasonable assistance, you will lose your payment and you may be prosecuted.

Record keeping

You must keep all records and information you need to evidence that you have provided complete and accurate information and have complied with your undertakings.

You will also be required to:

- Supply to the Welsh Government any information about your Farm Business Grant contract and supply that information within the period determined by the Welsh Government.

- Make available to the Welsh Government, its authorised persons or its agents, records, accounts, receipts and other information including access to computer data relating to your Farm Business Grant contract. Permit the Welsh Government to remove any such document or record to take copies or extracts from them.
Section G – Appeals and Complaints Procedure

Appeals procedure

The ‘Independent Appeals Process for Farmers and Foresters in Wales’ allows you to request a review if you feel that the Welsh Government has not reached a correct decision according to the rules of a scheme. The process will review decisions concerning:

- BPS (and SPS)
- all Glastir schemes
- issues identified after 1 January 2007 for:
  - Farm Woodland Scheme, Farm Woodland Premium Scheme, Improved Land Premium.

The appeals process consists of two stages:

- Stage 1: review by RPW
- Stage 2: review by an Independent Appeals Panel (if you are dissatisfied with the Stage 1 response).

The Independent Panel make recommendations to the Cabinet Secretary for Environment and Rural Affairs, who then takes the final decision which concludes the process.

There is no charge for Stage 1 of the process but there is a charge at Stage 2 - £50 for a written hearing or £100 for an oral hearing. These charges are repaid in full if the Stage 2 appeal is either partially or fully successful.

Appeals, including supporting evidence, must be received within 60 days of the date of the letter outlining the decision you wish to appeal against.

We welcome receiving correspondence in Welsh, and will respond to any correspondence in Welsh if that is your preferred language. This will not lead to delay.

Further details of the appeals process can be obtained from the Customer Contact Centre or our website at: http://gov.wales/topics/environmentcountryside/farmingandcountryside/farming/rpwappeals
