ATISN 15578

03 November 2021

Dear

### **ATISN 15578 – Y Bryn Wind Farm**

Thank you for your request which I received on 05 October 2021. You asked for:

1. Further to the documents you have provided in your initial response (Doc 3.2), can you please confirm the application has been accepted is for 200mtr High turbines, when Coriolis are publicising up to 250mtr? This is certainly grounds on which the proposal should be disregarded and rejected totally, as Coriollis are being completely misleading
2. Who has the authority to give NRW permission to tender land for which they are the custodians? You claim that you have no information regarding this specific point, which is unacceptable given that SOMEONE has authority over such decisions
3. In 2005, in accordance with TAN8 the proposed land for Y Bryn was deemed unsuitable, so WHY did Welsh Government scrap TAN8 in favour of policy 17 and 18 Future Wales 2040, which then quantified the land as Suitable? Do you have any records that specifies the reason why TAN8 was scrapped, and who made that decision, because SOMEONE made that decision
