Dear

### **ATISN 15667 - Freedom of Information request – Stonewall funding**

#### **Information requested**

Thank you for your request which I received on 9 November. You asked:

What funding has been provided to Stonewall or any subsidiary of Stonewall by the Welsh Government for each year between 2015 and 2021. You asked whether that had been in the form of direct grants for unlimited purposes, direct grants for limited purposes (in that event, stating the purpose) or payment for goods or services (specifying the relevant goods and services).

You asked where the funding above has been by way of payment for goods or services, that we specify what analysis has been conducted to ascertain whether these goods or services meet contractual and/or legal requirements, what contractual or other recourse exists to reclaim in respect of goods or services that are defective, substandard or delivered in contravention of the law, and what steps are being taken to seek recourse for any such contractual or legal shortfalls.

You also asked, In respect of the payments referred to above, what criteria were applied in deciding to make payments by way of direct grants, what tendering process was conducted with regard to provision of goods or services, and what alternative suppliers of goods or services were considered.

#### **Our response**

From my preliminary assessment I estimate that it will cost more than the appropriate limit set out in the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 to answer your request. The appropriate limit specified for central government is £600. This represents the estimated cost of it taking over 24 hours of time to determine whether we hold the information and to thereafter locate, retrieve and extract it.

This request as it stands would require a substantial amount of work to be carried out (in excess of 24 hours). Payments to organisation can be made in a number of

ways by Welsh Government, and this request goes back to 2015. This request will therefore involve many individuals from across Welsh Government departments reviewing historical records including approval to fund documentation; documentation showing agreement on how the funding will be distributed; grant applications; tendering processes; monitoring and evaluation documentation etc. for each instance of confirmed funding to Stonewall, or a subsidiary, from 2015 to 2021, in order to provide information to answer questions 2(a-c), 3 (a-c) and 4(a-c) of your request.

You may wish to refine your request by narrowing its scope by being more specific about what information you particularly wish to obtain, including any dates or period of time relevant to the information required. If you do refine your request in this way, this will be treated as a new request.

To help you to narrow down your request I have provided links to previous Freedom of Information responses with regard to Stonewall funding in case they hold information you might find helpful. The links are enclosed at **Annex A** below.

### **Next steps**
