

12th November 2021 email from Wavehill to Welsh Government

Hi information withheld under section 40, Personal information.

Thank you for letting me know. The translators are already working on it, and I have been promised it by COP Wednesday at the very latest. I will pick up any comments and suggestions on Monday, and get them to the translators to incorporate. I can get the English version back to you as soon as possible, possibly on the Monday.

Do please get in touch if you need anything, and have a super weekend in the meantime.

Best wishes,

information withheld under section 40, Personal information. Thank you very much for sending through the RSE analysis report. The report is very helpful and we are broadly happy with the overall content – thank you for your hard work on this. We'll send through some very minor tweaks on Monday, but we would be grateful if you could proceed with the translation of the document? You'll no doubt be aware that we are working at pace to finalise the RSE guidance and code which will need to be published shortly, along with the summary of the consultation responses. We'll need the translated version of the report back by a week Monday at the latest.

Please get in touch if you have any queries or would like to discuss further.

Best wishes,

Please find attached the polished version of the report. I hope it is helpful and valuable. *Information withheld under section 35 (1) (a), formulation of government policy*

I am around today and tomorrow to talk it through. I have translators in place who have kindly said that they will work on it over the weekend.

The RSE analysis report is now a priority as we need to approve before submitting to the Minister for review with the draft Code and Guidance next Monday morning.

It would be good to understand when we can expect to receive the English version for approval before you submit for translation.

As always, happy to discuss.

Hope all well. *information withheld under section 40, Personal information* so a gentle reminder for the draft final version of the public consultation analysis for RSE Code and Guidance as we will need both English and Welsh final versions to upload to the Senedd website a couple of days.

Kind regards

That sounds like a plan. *information withheld under section 35 (1) (a), formulation of government policy*

We will need an English version to go to the Minister in about a week, Welsh version to follow for upload on 15 November, how does that sound?

I'm assuming you deliver both to us? *information withheld under section 35 (1) (a), formulation of government policy*

When do you need the full signed off versions of Welsh and English by? I can get you a first draft for first thing Monday morning to get the ball rolling?

I'm writing regarding the full report on the public consultation analysis, it has to come to our attention that this will need to accompany the code to the Senedd, in a bilingual format. I wonder whether you have time to discuss this?

Many thanks,
