Dear Minister

Firstly, I would like to thank you for meeting with me last week to discuss the future of the Llandeilo Bypass project. I understand that during the current crisis your timetable is under considerable pressure, and so I truly appreciate you taking the time to meet with me, in order to discuss a project that has significant interest in my constituency.

I also thank you and your officers for giving an update on how the project plans are developing, and how they are shaping for the future. I will re-iterate my concern that I voiced in the meeting, that this project was the result of a budget agreement between our parties in 2017, and that the agreed outcome would be for the bypass to be built.

In the meeting, your officers outlined an estimated timetable for the short term, medium term, and long-term solutions to the issue in Llandeilo. If this could be sent over in written form, I would greatly appreciate it, as it will enable us to answer questions and queries from concerned constituents.

I would also like to re-iterate the offer I made in our meeting, that if there is any work to be done with Carmarthenshire County Council, where my presence would aid the effort, I can make myself available.

Thank you again for your time, and for your co-operation.

With very best wishes
Yours sincerely

Adam Price AS / MS,
Dwyrain Caerfyrddin a Dinefwr
Carmarthen East and Dinefwr
