Dear *Ken,*

Request for an update on the A483 Llandeilo Bypass

As you are aware, we reached an agreement with the Welsh Government in the 2017-18 Budget with a commitment of £50m to accelerate the delivery of the A483 Llandeilo Bypass.

Recent reports on a local level have come to my attention regarding the WeITAG process where scheduled public meetings have been postponed. I understand that the process is being delayed to consider matters that have been raised by external groups.

I would kindly request a detailed update on your progress to include an explanation of the current issues holding up the process, clarity on when the public meetings will be rescheduled and a statement on the timescales involved to deliver the project.

Best regards,

Adam Price AC/AM
Ddwyrain Caerfyrddin a Dinefwr / Carmarthen East & Dinefwr
