Questions

Q4. Q1. Should the additional days granted by Class A of Part 4A be retained permanently, permitting temporary uses to take place for up to 56 days (28 days for specified uses) in a calendar year?

Yes

Comments:

We had not allowed camping in this farm until last summer, it was worth organising and setting up facilities for 56 days rather than 28, and it was successful, we had lovely visitors, all the reviews we had were 5/5. It will help this small hill farm if we can continue, and many visitors were from England

Q5. Q2. Do you have any evidence as to any benefits and impacts as a result of introducing the additional number of days for temporary uses to take place since April? If yes, please specify.

Yes

Comments:

See previous comments. We had more visitors than we had forecast, so it was worthwhile.

Q6. Q3. Do you have views on whether there should be additional restrictions on the use of this PDR to mitigate against potential impacts of making this permanent? If yes, please specify.

No

Q7. Q4. Should the number of days for holding a market generally be extended? If Yes, what is an acceptable number of days for holding a market? What conditions should apply to manage the planning impacts?

Yes

Comments:

Markets should be encouraged, we sold meat at Farmers Markets for many years, local food from small suppliers is the sustainable way forward. Public health control is already there.

Q8. Q5. Should any additional days over the permitted 14 days be provided for markets operated by or on behalf of a local authority?

Yes

Q9. Q6. Do you agree the permitted changes of use within town centres should become permanent? If not, please provide your reasons for disagreeing.

Yes

Other

Within reason, and subject to local conditions

Q11. Q8. If you answered yes to Q7, are any additional conditions required to mitigate potential amenity impacts?

Q17. Q14. Do you agree greater flexibility should be provided through permitted development rights to accelerate the rollout of electric vehicle charging infrastructure? If not, please provide your reasons for disagreeing.

But there are great difficulties in on-street charging in congested urban areas

Q20. Q17. We would like to know your views on the effects of the proposals would have on the Welsh language, specifically on opportunities for people to use Welsh and on treating the Welsh language no less favourably than English.

What effects do you think there would be? How could positive effects be increased, or negative effects be mitigated?

Should be de minimus exemptions for small businesses like ours (although we do have a Welsh speaker)

Q21. 18. We have asked a number of specific consultation questions. If you have any related issues which we have not specifically addressed, please use the space below to raise them.
