Dear [REDACTED]

Re: Independent review of maternity and neonatal services at Swansea Bay UHB

As promised, I am writing with a further update in relation to the progress of the independent review.

The Oversight Panel Chair will make a further announcement tomorrow which will set out the members of the Oversight Panel. In addition the draft Terms of Reference for the Review will be shared, which will start a 21 day period of feedback on the draft document. Feedback is very important and Llais will be supporting the service user voice to gain their views on the Terms of Reference. There will also be an e-mail address which will collect views from the public and staff should anyone wish to submit their views direct. Throughout the review both Llais and the engagement lead will be engaging with the public to gain feedback.

The Oversight Panel recognise the importance of feedback on the Terms of Reference and they will use views/comments to finalise the document. The Oversight Panel Chair will then make a further announcement to share the Terms of Reference and announce the start of the review.

Once the review commences, I am expecting a monthly progress report and I will of course keep you updated.

Yours sincerely

**Chair
Swansea Bay University Health Board**
