Attachments: MA-JJ-1712-21 - The exercise of the Welsh Ministers' functions in respect of decisions on planning and related applications..obr; Signature.jpg

Hi Nick,

Thank you for this. The working practices MA email is in the folder. I'm happy to issue my signature with it, which I also attach. I'm content to issue even before working practices have been agreed and willing to take responsibility for that. As this is a time-limited issue, I think the risk of not acting speedily and giving the individual's request due consideration outweighs the alternative risks.

[REDACTED]

We have just received another call in request for a single dwelling in Ceredigion, it went to Committee on Wednesday, who resolved to approve. I have prepared a 'Holding Direction' but I do think I can issue it without the Minister agreeing to the working practices and authorisation from you to use your electronic signature, if she does are you happy for me to use it?

Regards

Nick

P.S. have you saved a copy of the e-mail with the MA anywhere we need a copy to put in our minute to the Minister on call in cases.

Even so, it still doesn't hurt to be very grateful!

Thank you Nick – and I'm sure you will be drinking and enjoying too!
