Introduction Page

This is the introduction page which provides information about the Flood and Coastal Erosion Risk Management Grant – Capital Pipeline.

Flood and Coastal Erosion Risk Management Grant - Capital Pipeline

Introduction

Flood and Coastal Erosion Risk Management (FCERM)

The Flood and Coastal Erosion Risk Management Capital Grant applies to funding for capital schemes through the Welsh Government FCERM Programmes. It is aimed at Local Authorities and Natural Resources Wales (NRW). The grant supports the National Strategy for Flood and Coastal Erosion Risk Management in Wales which aims to ensure the risks to people and communities from flooding and coastal erosion are effectively managed.

Grant funding can be considered for interventions which reduce risk of flooding from any source (with the exception of sewer related flooding for which water companies have a statutory duty to deal with) and coastal erosion to homes.

This form should be used when submitting your schemes to be considered for the annual pipeline for FCERM grant funding from Welsh Government. This should not be used for submitting applications to the Small Scale Works Grant.

This form should be used when submitting your pipeline bids for grant funding towards the following:

- Investigation Work
- Strategic Outline Case / pre investigation work
- Business Justification Case
- Outline Business Case
- Programme Business Case
- Design and development / Full Business case
- Construction

For terms and conditions applicable to this grant, please see: [Flood and Coastal Erosion Risk Management: Grant Memorandum.](#)

Funding for a capital scheme does not provide an ongoing commitment for the associated cost of maintenance work from the Welsh Government.

For any queries related to the Flood & Coastal Erosion Risk Management Grant, please contact the Welsh Government Flood Branch at FloodCoastalRisk@gov.wales

If you have any technical issues completing your application online, you should contact the Customer Contact Centre using your RPW Online account or by telephone on 0300 062 5004.

Privacy Notice

This is the Privacy notice that you must read.

Privacy notice: Welsh Government Flood, Coastal Erosion, Risk Management grants

Introduction/Background

The Welsh Government provides grant funding to flood risk management authorities for the purpose of reducing the risks from flooding and/or coastal erosion. In order for us to manage the grants we will need to process some personal data about you and your organisation in order to administer and issue the grant. Before we provide grant funding to you and during the term of the grant award, we may undertake checks for the purposes of preventing fraud and money laundering, and to verify your identity.

What is the Lawful Basis for processing?

The Welsh Government will be the data controller for any personal data you provide in relation to your grant application or request for grant funding. We will process it in line with our public task and the official authority vested in us to provide financial assistance through grant funding to support ministerial objectives, to prevent fraud and money laundering, and to verify identities. Such processing is also a requirement of the grant funding you have requested and will help us assess your eligibility to receive the grant funding.

What personal information do we need to process?

In order to process your grant we will need the following personal information:

- name
- office address and office address history
- organisational contact details such as email address and telephone numbers
- third party organisation details

Why do we need to process your personal data?

The Welsh Government use your information to keep you as a point of contact to administer your application for grant funding. Additionally we, and fraud prevention agencies, may use this information, including any personal data, to prevent fraud and money laundering, and to verify your identity. We and fraud prevention agencies may also enable law enforcement agencies to access and use your personal data to detect, investigate and prevent crime.

How long will we keep your personal information?

The Welsh Government will keep your personal information for a period of between seven and ten years depending on the nature of the grant award after the completion of your grant in line with our Data Retention Policy.

Fraud prevention agencies can hold your personal data for different periods of time, depending on how that data is being used. Please contact us for more information. If you are considered to pose a fraud or money laundering risk, your data can be held by fraud prevention agencies for up to 6 years from its receipt.

Will your personal information be shared?

The Welsh Government may share your information with fraud prevention agencies if we suspect or detect fraud. We may share only relevant information for publicity and post scheme completion evaluations.

Fraud prevention agencies can hold your personal data for different periods of time, depending on how that data is being used. Please contact us for more information. If you are considered to pose a fraud or money laundering risk, your data can be held by fraud prevention agencies for up to 6 years from its receipt.

Will your personal information be shared?

The Welsh Government may share your information with fraud prevention agencies if we suspect or detect fraud. We may share only relevant information for publicity and post scheme completion evaluations. Administrators of RPW online may have access to your personal information as a part of their routine monitoring and management of the platform.

Your rights:

Under the UK GDPR you have the following rights:

- To access a copy of your own data;
- For us to rectify inaccuracies in that data;
- To object to or restrict processing (in certain circumstances);
- For your data to be "erased" (in certain circumstances); and
- To lodge a complaint with the Information Commissioner's Office (ICO) who is our independent regulator for data protection.

The map will open by showing the area covered by the Local Authority submitting the application. For Natural Resources Wales (NRW) applications the whole of Wales will be displayed.

Select area to draw location by using the search bar and selecting name of area or postcode.

You can also use the + and – to zoom in and out.

Select +Draw area on the map, when drawing the area click on the map and drag the cursor to create the shape, this will be shown in blue.

Select the Senedd Constituency and Senedd Region from the drop down lists.

The screenshot shows a web form titled "Location details of proposed scheme" with a sidebar on the left containing navigation links: Introduction, Privacy Notice, Scheme details, Location details of proposed scheme (highlighted), Business/Project Plan, Checklist of Supporting Documents, and Submission. The main form area contains several fields: "Location (town/village name)*", "Mark the Scheme location on the Map.*" with a "Draw Project Location" button, "Postcode*", "Senedd Constituency*", "Senedd Region*", "Is this Scheme likely to impact a Main River and require work with NRW?*", "Are there opportunities for collaborative working with other RMA's or third parties?*", "Estimated scheme start date*", and "Estimated scheme completion date*". A dropdown menu for "Senedd Constituency" is open, showing a list of constituencies including Aberavon, Aberconwy, Alyn and Deeside, Arfon, Blaenau Gwent, Brecon and Radnorshire, Bridgend, Caerphilly, Cardiff Central, Cardiff North, Cardiff South and Penarth, Cardiff West, Carmarthen East and Dinefwr, Carmarthen West and South Pembrokeshire, Ceredigion, Clwyd South, Clwyd West, Cynon Valley, and Delyn. The bottom of the page has a footer with "Print", "Cymraeg", "Exit", and navigation buttons "Previous", "Save", and "Next".

The screenshot shows the same web form as above, but with the "Senedd Region" dropdown menu open. The dropdown menu lists the following regions: Mid and West Wales, North Wales, South Wales Central, South Wales East, and South Wales West. The "Senedd Constituency" dropdown is now closed. The "Estimated scheme start date" and "Estimated scheme completion date" fields now have date input boxes with a calendar icon. The rest of the form and sidebar are identical to the previous screenshot.

If “Yes” selected at question ‘Are there opportunities for collaborative working with other RMA’s or third parties details must be provided in the text box provided.

Select the Primary Source from the drop down list.

If applicable select the Secondary Source from the drop down list.

The screenshot shows the 'Evidence of flooding' section of a web form. On the left is a navigation menu with 'Evidence of flooding' selected. The main form area contains the following fields: 'Primary Source*' (a dropdown menu with 'Please Select' selected), 'Secondary Source*' (a dropdown menu with 'Please Select' selected), 'Actual Flood Events' (a section header), 'Frequency - number of incidents*' (a text input field), and 'Impact - total number of homes affected over the last 20 years*' (a text input field). A dropdown menu is open for the Primary Source, showing options: 'Please Select', 'Fluvial', 'Pluvial', 'Tidal', and 'Coastal Erosion'. At the top right of the form are 'Previous', 'Save', and 'Next' buttons. At the bottom left are 'Print' and 'Exit' buttons.

Once the number of flood incidents is entered you must add further details by clicking on the Add Event button.

This screenshot shows the 'Evidence of flooding' form with more fields filled in: 'CARR Name*' (dropdown), 'Primary Source*' (dropdown), 'Secondary Source*' (dropdown), 'Frequency - number of incidents*' (input field with '1'), and 'Impact - total number of homes affected over the last 20 years*' (input field with '50'). Below these fields is the 'Actual Flood Events' section, which includes a text box with the instruction: 'List the dates of flood incidents and the numbers of homes flooded on each incident over the last 20 years. Click 'Add Event' to add details of a flood event.' and an 'Add Event' button. A callout box with a black border contains the text: 'The number of Flood Events listed must match the number entered in 'Frequency - number of incidents''. Arrows point from this callout box to the 'Add Event' button and the 'Frequency' input field. The 'No Entries' text is visible below the text box. The navigation and utility buttons are the same as in the previous screenshot.

Evidence of flooding – Actual Flood Events

All actual flood events must be entered on this page.

You must answer all mandatory questions marked with * on this page.

Extra information for questions will be displayed when you place the cursor over the ? symbol on this page.

Wider Benefits and Partnerships Funding

If you answer “Yes” you must add one or more wider benefits by clicking on the Add Benefit button.

The screenshot shows the 'Wider Benefits and Partnerships Funding' form. The left sidebar contains a navigation menu with 'Wider Benefits and Partnerships Funding' selected. The main content area has a header 'Wider Benefits and Partnerships Funding' and navigation buttons 'Previous', 'Save', and 'Next'. Below the header, there is a section for 'Wider Benefits' with instructions: 'Please provide details of the benefits this scheme will provide to the wider community, considering some of the different benefits listed below. This should not be a list of the wellbeing goals but actual tangible benefits beyond the main purpose of the scheme which is to reduce risk to homes. This could include reducing the risk to other assets, community buildings etc. or providing additional benefits such as recreational facilities.' A question asks 'Have wider/additional benefits been identified in the BIC/OBC?' with 'Yes' selected. Below this is a table for 'Wider Benefits' with an 'Add Benefit' button. The 'Partnerships' section follows, asking 'Are there potential/identified opportunities for partnership funding?' and 'How does this scheme fit in with your Flood Risk Management Plan (FRMP), Local Flood Risk Management Strategy (LFRMS) and Shoreline Management Plan (SMP)?'

You can enter as many Wider Benefits as applicable by selecting from the drop down list and entering the details in the text box.

The screenshot shows the 'Wider Benefits and Partnerships Funding - Wider Benefits' form. The left sidebar is the same as in the previous screenshot. The main content area has a header 'Wider Benefits and Partnerships Funding - Wider Benefits' and navigation buttons 'Cancel', 'Save and Add Another', and 'Save and Return'. Below the header, there is a section for 'Wider Benefits' with a 'Benefit Description*' dropdown menu and an 'Enter details*' text box. The dropdown menu is open, showing a list of benefit categories: 'Tourism', 'Amenity', 'Recreation', 'Regeneration', 'Biodiversity/environmental', 'Benefits to infrastructure/transport', 'Benefits to utilities', 'Benefit to businesses', 'Benefit to local employment', 'Health and Wellbeing', and 'Other (please specify)'. The 'Save and Add Another' button is highlighted with a red box and an arrow points from the text above to it.

If entering multiple wider benefits click on Save and Add Another, once all wider benefits have been entered click on Save and Return to return to the main Wider Benefits and Partnerships Funding screen.

Once all wider benefits have been entered a list will appear at the bottom of the page, you can modify or delete any of the benefits by clicking on the Modify or Delete buttons

Checklist of Supporting Documents

Supporting documents must be submitted by the closing date either at the time that the EOI is submitted or through the “My Messages” tab on the Home screen.

Checklist of Supporting Documents

Questions marked with * are mandatory.

Full applications are made up from a number of different documents and sources of information submitted in support of the application. All supporting documentary evidence must be submitted with your application. The types of documentary evidence (where applicable) are listed below.

When submitting a pipeline application for an Investigation Work, Strategic Outline Case, Business Justification Case, Outline business case, Programme Business Case, the following should be provided:

- Reasons for wanting to carry out an Outline Business Case/Business Justification Case
- Location plan
- History of flood incidents in the area of the proposed study - when these occurred, what was the cause, number of properties affected (any section 19 reports or photographs would be useful)
- Screenshot or copy of FRAW map or equivalent flood map.

Pipeline applications for schemes addressing coastal erosion, reservoir flooding or groundwater flooding - supporting documents should be a short funding case.

Please note your application will not be considered until we have received all required supporting documentation.

Tick the appropriate box*

I am submitting supporting documents.
