Subject: Cadw - 22/1136/SO - 2023-03-16 - Scoping Opinion - Satellite monitoring station, Cawdor Barracks, St Davids - GIS map - 5km developer ZTV (A44521551)

Hi [REDACTED]

This is the information I would normally expect to be submitted with a stage 1 assessment although I would expect the LB's that had been shown by the ZTV not to have views to the proposed development to be included, so they can be discounted from further study. I assume that you have also done similar work in regard to RHP&Gs and SMs. Whilst it is unlikely given the distance from the proposed development that there will be significant impacts, it is worth checking if any designated historic assets inside 10km and in the ZTV have a designed view towards it, when they should be included in any further assessment.

If it is determined that the impact of the proposed development from the registered historic landscape needs to be assessed this should be carried out using the methodology given in "The Setting of Historic Assets in Wales" and not by the ASIDOHL methodology which would not be appropriate in this case.

I hope this helps

Subject: RE: Cawdor Scope of Assessment - meeting with PCC

Hi [REDACTED]

Apologies for the delay but we've finally got the ZTV.

A total of 26 Listed Buildings are theoretically visible which I have popped in a table attached as well.

Realise it's tight, but wondered if you might have a response in time for the meeting tomorrow?

Thanks,

Hi [REDACTED]

Go ahead with the meeting on the 22nd and send me the documentation and I will write something.

Best wishes

Hi [REDACTED]

No problem re: the 22nd. I'm happy to proceed as best suits you, if you're keen to attend then we can try and push back to the 30th November or if you're happy to go with a written response I can circulate then that's great too.

As for the ZTV, it has I believe just been completed. I'm waiting for the data to arrive to me, then I can overlay on our historic environment data and send something over to you

Many Thanks,

[REDACTED]

Hi [REDACTED]

I'm sorry I am fully booked all day on the 22nd November. Do you actually need me at the meeting? I could review any documentation in advance and send a written response. What do you think?

Best wishes

[REDACTED]

PS I know this is at an early stage but has a ZTV been done to show how far views are likely to be?

Hi [REDACTED],

Hope you're well?

We're just in the process of getting the details finalised for a meeting with PCC to discuss, and hopefully agree on, the scope of assessment for the Cawdor development. Currently, the meeting is scheduled for 2pm on Wednesday 22nd November via teams which hopefully suits you? If so, can you let me know and we can get the details sent over to everyone.

Many Thanks,

[REDACTED]
