Information

This guide takes you through the steps to complete and submit your application for the Welsh Marine and Fisheries Scheme (WMFS) General Funding Round Window 2 to the Welsh Government.

You will need to populate an online form providing the Welsh Government with details of your project so this can be assessed for eligibility and if acceptable, scored for selection. Applicants will be notified of the outcome of selection and only applications that have been selected will be subject to full appraisal for consideration of offer of Grant Award.

Please read this guidance carefully. You will also need to refer to the <u>Welsh Marine</u> and <u>Fisheries Scheme Overarching guidance booklet</u> and the <u>Welsh Marine and</u> <u>Fisheries Scheme Window 2: General Funding Round guidance booklet</u> as these contain the full details of the opportunities available as well as the key eligibility criteria.

For selected projects, the amount of funding to be made available for each application will be decided during the appraisal of the application and will not be finalised until the assessment and appraisal processes have been completed. The final grant figure awarded, will not be higher than that stated in the application and where applicable capped to £100,000.

Applications must be submitted electronically via RPW online. Applications may be submitted at any time during the dates published for the opening and closing of the scheme window. There will be no opportunity for an extension.

There is no requirement for applicants to wait until the end of the application window. It is strongly recommended that the application is submitted as early as possible.

The plans and documents that you must complete and submit include:

- The WMFS General Funding Round Online Application.
- 3 year business plan (this is not required if the applicant is a Public Law Body or Academia).
- 3 years of Certified Accounts (this is not required if the applicant is a Public Law Body or Academia).
- 3 years of financial projections (this is not required if the applicant is a Public Law Body or Academia).
- Evidence of match funding available (bank loan, overdraft, etc.) where applicable.
- Planning permission if appropriate and any other approvals / consents
- Any quotes received which form part of the full application.

For applications from Business / Organisations less than three years old, the available accounts will be considered.

If your investments require planning approval, if available, include any existing planning consents. (Evidence of planning approval will be required before any grant claim can be processed).

If information is missing from an application, we will request it, but this will slow down the appraisal of your application.

Please note: For any problems with RPW Online you should contact the RPW Online Helpdesk on 0300 062 5004.

Registering for RPW Online

To register your business details for the first time, you need to complete the <u>online</u> <u>registration form</u>. Please refer to the <u>how to register guidance</u> for further details. The vast majority of changes to business details can be done online. However, Welsh Government may require further details on any major changes. Please contact the Customer Contact Centre for further information.

Introduction

This is the introduction page which advises you prior to completing the application to read the <u>Welsh Marine and Fisheries Scheme Window 2: General Funding Round</u> guidance booklet.

There is a link at the top left of this screen, which will direct you to the How to Complete Guide on the Welsh Government website.

On the left the different sections are displayed. A red cross indicates you either have not accessed each section yet, or you have errors on the section(s). A green tick will display once you have completed each section and there are no errors we can identify. There are various navigation buttons at the top and bottom of the form. Also, if you wish to switch between English and Welsh there is a button to do so at the bottom left of the screen as shown in the screenshot below:

Project Plan

The next section of the form is concerned with your Project Plan. All applicants for grant assistance must complete a Project Plan. The Project Plan is a standard template that has ten headings.

The information provided under each of the headings will be used in the assessment and appraisal process from which a decision can be taken about the award of grant assistance to the project.

Please note that if further information is required this may delay the appraisal of the application so we recommend you follow the guidance carefully in order to provide the information requested. However, if anything is unclear or we require more information we will contact you.

It is important to note that the amount of detail given in each section must be appropriate and proportionate to the scope and scale of the intended project.

Project Plan - Strategic Fit

The Strategic Fit section is where you will need to explain how the proposed investment will contribute to the aim / objective of the General Funding Round that you have selected in the Project Overview section of the form:

- Contribute to Wales having a marine environment which is resilient and sustainable against the effects of climate change.
- Contribute to Wales having the science and evidence to inform future decisions in the Welsh marine, fisheries and aquaculture sector from species data to co-existence of marine sectors.
- Contribute to Wales having a biodiverse marine environment and a thriving, sustainable ecosystem.
- Contribute to a sustainable, profitable and diverse Welsh seafood sector which has a strong domestic market coupled with an expanding worldwide market.

You will need to provide clear explanations on how the proposed investment will contribute to the strategic aim and objective of the funding round you have selected and demonstrate why the investment is required.

Project Plan - Suitability of Investment

The suitability of investment page is where you will need to provide details to enable the evaluation of how suitable the investment is for achieving the project's goals.

You will need to demonstrate why your proposal is suitable for a grant investment. Thought needs to be given to risks and benefits of the proposal and whether the nature of the investment aligns with the Welsh Governments 7 Wellbeing goals which are:

- A prosperous Wales
- A resilient Wales
- A healthier Wales
- A more equal Wales
- A Wales of more cohesive communities
- A Wales of vibrant culture and thriving Welsh language
- A globally responsible Wales

Project Plan - Project Delivery

The Project Delivery page is where you will provide a plan of the work that the Business / Organisation intends to undertake.

In this section, you need to provide an explanation of what you want the funding for and who is needed to achieve it including:

- A timetable of delivery for all activities and stages of your project.
- How you intend to deliver your project.
- Key activities that will need to be undertaken.
- Resources that will be required during implementation.
- Who will manage the work.
- Describe how timescales have been determined.

Project Plan – Project Delivery - Risk Management

The Delivery - Risk and Risk Management page is where you will use a table to set out a summary of at least the top five risks that might affect the delivery of the project and the achievement of outputs and objectives of the project that includes:

- What the risk is
- What the likelihood is of it happening during the time that the project is being delivered?
- What the consequences to the project would be if it did happen?
- What steps will be taken to reduce the risk?

The question in this section is mandatory and you will not be able to submit your form without adding at least 5 risks.

Click Add Risk to start inputting your first risk.

Project Plan – Value for Money

The Value for Money page is where you will provide information of the Project costs and quotes.

To complete this section, you must refer to the Welsh Government Rural Communities - Competitive Tendering and Public Procurement Guidance Notes before incurring costs.

For further information please see:

https://www.gov.wales/rural-grants-competitive-tendering-guidance

In this section, please show how the total project costs have been arrived at by providing a detailed breakdown of the proposed expenditure. You must include all proposed expenditure against the relevant category with a description. Please be aware that the costs detailed in this section are the costs of which if eligible, the project will be approved.

In this section:

- Include all proposed expenditure and provide an explanation of how the estimated total project costs have been calculated.
- Explain how the costs of the project have been considered to be reasonable taking into account the scope, scale and timescale of the proposals. Show how costs have been determined to be reasonable by reference to quotation exercises; standard costs from previous activities; industry comparisons such as QS tables or an independent technical analysis.
- Where appropriate show how different options for the achievement of the project objectives have been considered and explain how and why the chosen option was decided.

The Value for Money initial page is shown in the screenshot below:

The text boxes are expandable and allow up to 4000 characters. This is not the number of words allowed, but the number of characters. The questions in this section are mandatory and you will not be able to submit your form without completing them.

Project Plan - Cross Cutting Themes

The Cross Cutting Themes page is where you will provide evidence on how the proposed Project contributes to cross cutting themes. In this section you need to explain how the proposed project will contribute to the cross cutting themes of:

- Welsh Language
- Equality of opportunity and Gender mainstreaming
- Tackling Poverty and Social Exclusion

The text box is expandable and allows up to 6000 characters. This is not the number of words allowed, but the number of characters. Please bear this in mind when completing your form.

The question in this section is mandatory and you will not be able to submit your form without completing it.

When you have finished filling in your answers, select the Next button.

Project Plan - Indicators and Outcomes

The Indicators and Outcomes page is where you will provide information on how the project will contribute to the Funding Round Result Indicators.

For a list of the Result Indicators relevant to each sub-category please see Annex A in the Welsh Marine and Fisheries Scheme General Funding Round guidance booklet. The Result Indicators that will be monitored as a result of the investment are dependent on the sub-category.

The online form will list the relevant Result Indicators and you will need to set targets against at least **one** of these. More than one Result Indicator can be entered.

Explain how the target will be met.

Explain how progress will be monitored, including any arrangements for external evaluation where necessary.

Projects will be required to provide Welsh Government with targets for each of the indicators selected. Some indicators require initial baseline figures to enable measurement over an agreed time period. A baseline of zero, where applicable, will be accepted.

Please note the target that you should enter is the target that you will achieve 3 years post investment or sooner where applicable. i.e. a report / study indicator would be completed prior to this target.

The Indicators and Outcomes page is where you will provide information on how targets will be met along with monitoring and progress to meet the Result Indicators.

The Indicators and Outcomes will need to be monitored and you may be required to provide information confirming the current indicators level being achieved as well as confirming the level achieved three years from the end of your Grant Award.

The questions in this section are mandatory and you will not be able to submit your form without completing them.

On the Indicator Table, select 'Add Indicator' blue button to provide responses to the indicators.

Project Plan - Financial and Compliance

In the final sub-section within the Project Plan you will be required to provide information on the financial aspect and compliance of your project.

All Projects

How will you intend to fund the investment in addition to the grant (where applicable). Provide evidence to support your application.

What is the financial need for the grant? What would happen without any support.

Provide a detailed explanation of the amount, purpose and grant body of any public funding the Business / Organisation has received within this and the previous two financial years.

In answering the above you must consider and include the following in your explanations:

Explain how you as the applicant intend to meet the financial and compliance obligations required for the delivery of the project.

Outline the sources of finance for this proposal. You must indicate if each source of funding is already secured or only provisional. There are four elements that may be covered in the financial data:

- Profit and loss account;
- balance sheet;
- cash forecast;
- and turnover.

Please outline your assumptions concerning turnover and cash flow.

Please list your research sources.

Provide an assessment of the project affordability i.e. evidence that applicant can sustain the costs with the grant funding.

The Financial and Compliance page is where you will provide details on how the Project will be funded, in addition to any grant awarded, and how you are going to comply with any obligations required.

Checklist of Supporting Documents

The Checklist of supporting documents page is a list of all documentation that you are required to submit with your application, along with a list of some of the other documents you may need to submit to support your application depending on your project.

Please note that you are not required to submit 3 years of certified accounts, 3 years of financial projections, or a three year business plan if you are a Public Law Body or Academia.

All supporting documents **<u>must</u>** be submitted by the deadline.

You will also be asked if the Business / Organisation is less than 3 years old and therefore you are unable to provide 3 years of certified accounts. You will be asked to supply all accounts available and asked to tick the box to confirm.

You must select at least one method of supporting document submission in order to proceed to the next page.
