## **Agricultural & Horticultural Survey – 1<sup>st</sup> June 2018**

**Dear Sir/Madam**

The Welsh Government carries out the Agricultural and Horticultural Survey each year in order to provide important summary statistics that are used by a range of government and industry bodies.

The results of the survey are published as summary statistics at an aggregate level so that information about individual farms is not revealed.

Details of your return are not disclosed outside the Welsh Government except in accordance with the provisions of Section 3(2)(a) and (c) of the Agricultural Statistics Act 1979. We will not act in contravention of our obligations under data protection law.

The information will be used for three main purposes:

- **Updating the Welsh Government farming register;**
- **Send you important or beneficial information relating to agriculture;**
- **Sharing information with other government bodies with a specific interest in agricultural practices.**

Thank you for your co-operation.

Yours faithfully

**Stuart Neil**

**Agricultural and Rural Affairs Statistician**
